Dear Friend

Now, more than any time in the past, our need to be recognized is critical. The actions of the past two months have shown us that the system is broken, and we need to do everything in our power to fix it.

If not for the actions of our Republican governor, and our gerrymandered Republican controlled legislature, the actions of the State of Florida would be mirrored by our legislature. ***We were wronged, this is the time for us to act! We need to take back our State!***

The whole country is watching the State of Florida. Broward County is always in the forefront of the National elections. Past elections have shown us that every vote ***does*** count and at this time, every member of the Democratic Party in the State of Florida is a show of strength. With this strength, we can change the structure of state government and national politics. Help us to ***topple the Republican hold on the State of Florida.***

We need you to assist us in our battle by joining with us. Please fill out the enclosed membership form, give us your check of \$ 10.00 per person, or \$ 15.00 per couple and send it to us in the self-addressed envelope. Get your friends to do the same!

Together we can make a difference. With your help, we can start the change in Tallahassee and extend it to the whole country. We look forward to working together to change the political make up of the state.

For a Democratic Florida,
Ann Zucker, President

Thank you for being one of us! We appreciate you, but we need more from you. We need you to bring your friends and your neighbors. We need to show Broward County and the Republicans that the Democrats are still strong in Weston. They think they are gaining on us, but you and I know that we won't allow that. A strong club will make for a strong Democratic reputation in Weston.
